

Lotus

YOUNG ROOM // 2025

Lotus

young room

Lotus young room, which stands out with its rustic style and complements its white colour with powder pink tones, is differentiated with Lotus flower ornaments that give its natural appearance a unique identity. Discover the Lotus young room now, which creates an effective living space atmosphere by using modern and classic lines together.

You Are At The Centre

Lotus young room offers you a special space designed according to your needs. It is not only a room, but also a living space where you express yourself, grow your dreams and get relax. With its comfortable design, useful details and eye-catching beauty, your room literally reflects you.

Lotus young room offers a simple but impressive elegance by combining modern and classic details. It creates a timeless and warm atmosphere with its thoughtful design. The freshness of white meets the soft touch of powder pink, adding peace and elegance to your room.

Our Inspiration
is **Elegance**

Modern textures, aesthetic touches

The most elegant shades of powder pink meet with Lotus flower details, adding both a modern and romantic atmosphere to your room. Lotus young room is designed for you with its details that offer a peaceful atmosphere besides its beauty.

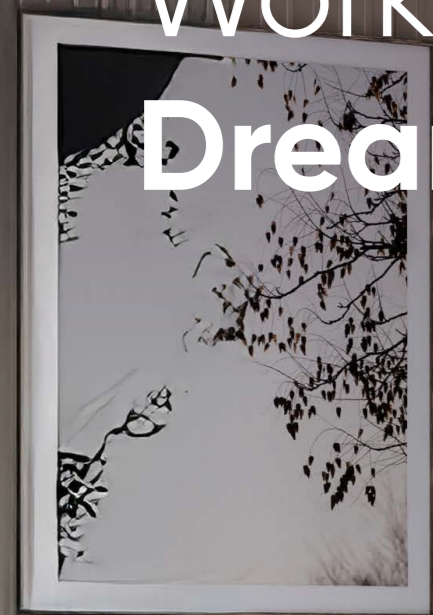

Robust beauty

Lotus young room is designed to be with you for years with its elegant and durable structure. It offers a safe and robust use thanks to its quality materials consisting of braked hinge and rail systems, durable ABS legs and long-lasting chipboards.

Work, Rest,
Dream!

Materials Used & Product Features.

It is made of melamine coated particle board in 25, 18 and 8mm thicknesses. Self-braking rails and hinges are used in drawers and doors, polyester casting material is used in handles and ABS material is used in feet. Earthquake fasteners are used in wardrobe, desk, dresser and bookcase modules. Ventilation apparatus is used on the cabinet backs to ventilate the cabinet interiors.

Standard Features

The melamine coated particle boards used have E1 Certificate of Conformity.

E1 certificate of conformity shows that melamine coated particle boards have a formaldehyde rate that will not harm human health and the environment.

Electrical products have CE certificate.

Edge bands have RoHS Directive and Lead Free Conformity Report.

Painted wooden parts are painted with odourless and lead-free water-based paint that does not harm human health and the environment.

Painted metal parts are painted with odourless and lead-free electrostatic powder paint which is harmless to human health and the environment and has RoHS Directive Certificate.

Functional beauty

Lotus Young Room is designed to be with you for years with its both elegant and durable structure. It offers safe and sturdy use thanks to its quality materials consisting of braked hinges and telescopic rail systems, durable ABS legs and long-lasting particle boards.
